

Health Care

Infrastructure Upgrade and Support

1) Sheikh Zayed Hospital Rahim Yar Khan

Sheikh Zahid Hospital and Medical College Rahim Yar Khan is home to quality medical and education facility for surrounding communities of Rahim Yar Khan. FFC has undertaken a massive uplift and up gradation program for the facility in 2013 with the establishment of a Coronary Care facility at the hospital. In continuation to this FFC extended further Rs. 10 million for the establishment of Burn Center at Sheikh Zahid Hospital.

2) Hazrat Bilal Trust

Hazrat Bilal Trust is providing quality health care facility to native population of Goth Machhi. FFC donated Rs. 8 million for the establishment of x-ray unit at Hazrat Bilal Trust in addition to Rs. 10 million for the free treatment patients.

3) Sona Welfare Hospital

Sona Welfare Hospital is providing subsidize medical treatment to under privileged locals of Mirpur Mathelo. In 2014, FFC provided assistance in the form of medical support amounting to Rs. 12 million to the community's deserving patients. Also SWH has been transformed into state of the art facility with the provision of 5 KW solar power system at a cost of Rs. 12 million. The facility is now self-Generating sustaining its electricity needs.

4) Al-Shifa Hospital

Equipment Handover Ceremony to Al Shifa Eye Hospital

Rs. 1.3 million were denoted to Al-Shifa Eye care for up gradation of its medical care facility for the under privileged and deserving community.

5) Misc. Medical Sponsorship

- a) Establishment of medical dispensary at village Sajanpur.
- b) Up gradation of PEADS ward at MH Rawalpindi.
- c) Donation of Electric Cart/Van for patients at NIHD.

Electric Cart Donation to NIHD

d) Provision of Ultra Sound machine at General Hospital Hall, Azad Kashmir

Ultrasound Donation to BHU HAL, AJK

Community Park at NIH

FFC has undertaken the construction of community Park at National Institute of Health (NIH), Islamabad through its Sub-con Abbasi Construction. The Park is expected to cater the families of doctors & staff at the Institute & will cost Rs. 1 million to complete.

The park is expected to be completed & fully functional by July 8th, 2014 with an official opening ceremony to be held on the same date.

Donation of Electric Cart to NIHD

FFC has imported & donated a 10-seater eco-friendly electric shuttle to National Institute of Heart Diseases (NIHD). The cart, that costs around 1.3 million rupees, is a "green 100% electric Car" with a range of a 100+ kilometers per full charge. The cart will be used by the institute to transport the patients & their attendant, within the vicinity of the hospital.

The initial feedback is Positive and Promising.

Pediatrics Ward at MH

FFC has committed to MH Rawalpindi for the Provision of Rs. 12 Million with a goal to provide a Pediatric facilities at the hospital that will provide the necessary facilities to young patients & ensure timely, effective & professional medical care to the civilian patients including from FFC Following will be the facilities available to the patents.

Availability of medical facilities is essential for a productive society. FFC has embarked on a mission of upgrading and building new modern facilities for the natives living in Rahim Yar Khan and Ghotki districts under its CSR intervention in the field of health. Some of these interventions are:

- Sona Welfare Hospital
- Hazrat Bilal Trust Hospital
- Coronary Care Unit
- Free Medical Camps

Sona Welfare Hospital

Sona Welfare Hospital (SWH), Mirpur Mathelo was constructed at a cost of Rs. 12.5 Million in 2006. SWH offers following facilities and services which include:

- High-tech X-ray
- Ultrasound
- Pathology laboratory
- 10 Beds for emergency treatment of indoor patients
- OPD for outdoor patients
- Free consultation (Male Doctor and Female Gynecologist available)
- Free snake bite treatment
- Free emergency treatment & ambulance service Subsidized medicines, lab test, x-ray and ultra sound (50% of the actual cost) 30% discount for dog bite patients

30% discount for dog bite patients SWH has a capacity of providing outdoor treatment to about 100 patients per day. SWH has under its belt the services of best medical staff and is a great relief to the underserved communities in District Ghotki. The treatment at SWH is free of cost as well as subsidized, which is serving as a life line to hundreds of patient in the entire district of Ghotki. SWH free treatment for snake and dog bite cases is a rare facility in these underprivileged areas.

Hazrat Bilal Trust Hospital

Hazrat Bilal Trust Hospital (HBT) was established in 1986 by FFC near Goth Machhi Plant. Initially it had a capacity of 10 beds but gradually it was expanded to 22 beds. It can cater for about 125 outdoor patients per day. A new 25 beds building is under construction. The hospital will soon start its Dental section as well as a vocational training centre. HBT has the honor of running the largest TB cure program in Rahim Yar Khan with significant success ratio. Some of the services available at HBT are:

- Complete treatment for TB patients
- OPD
- Fully equipped eye department
- Operation theatre for Lens surgery
- X-Ray & Ultra Sound
- Lab tests
- Hepatitis test facility
- Snake & Dog bite treatment

Coronary Care Unit

The CCU facility provided by FFC in 2008 at DHQ Hospital, Mirpur Mathelo, is designed to provide life saving advance management of cardiac patients. It is equipped with latest medical equipment & monitoring systems. CCU is an example of FFC commitment for providing health care to the under privileged communities of these areas. Some of the facilities and services provided at CCU are:

- Treatment Capacity of 9 Beds
- Cardiac Monitors
- Defibrillator
- ECG Machines
- Pulse Ox meter
- Mobile & Automatic Gas Delivery System
- Flow meter
- Suction Injector Unit

Free Medical Camps

FFC organizes various medical camps for free treatment of general public in District Ghotki and Rahim Yar Khan. In the year 2010, FFC arranged 32 free medical camps in the area near FFC plants.
